Dear Vicki and Jim,

Dad and I are up at the cabin so I will finally get a letter written. We arrived home Sunday afternoon and came up to the cabin Monday. We have caught three fish. Ruthie and her girl friends and children are up today and it was nice seeing them.

Sandi has a baby girl named Cynthia Michelle.

We were busy every second in Minneapolis and I didn't write a single card or letter.

We saw all our old friends and had a good time but I am still thankful I don't live there. Grandpa Carlson is feeling good but is 86 years old so had faded a little.

All the cousins and their husbands are very nice people and I really liked them. Joanne Rogers Kerkman and her husband are coming out in June and we will like seeing them. I will have a family party.

I hope your trip to New Jersey went  
through. If it did you are there now.

We had a wonderful time with  
you and you had every thing planned  
so perfectly. We think about all we  
saw and did and everyone here  
was anxious to hear all about  
you.

I started this letter at the cabin just  
I am home now. Mary and Mike are  
here and will be back and forth the  
month of June and then will move  
into our apartment in Seattle.

I will write a better letter soon. I  
am going to the beauty shop now.

Thanks again for being so kind.

Love,

Mom.
